There are 68 teachers in the system, 27 of them new this year.

Three new mobile classrooms, bringing the total to five, are provided.

## DeWitt Repairs Requested

**DEWITT**—The Board of Education Tuesday evening requested the Bruno Siwek Construction Co. to repair the gymnasium floor at Fuerstenau Junior High School which has buckled in several places since installation last year.

The construction company had earlier offered to either pay the board \$450 to replace the floor or to repair the floor itself.

Mayor Eldon Smith and Orla McGuire, chairman of the planning commission, met with board members to discuss preliminary plans for the installation of new sewer lines to the high school.

In other action, the board adopted a handbook for high school teachers submitted by principal Don Mueller, agreed to purchase a new football scoreboard and time clock and stated no athletic practice shall last over two hours.

The DeWitt Board of Education and the DeWitt Education Association have ratified a master agreement for the 1968-69 school year.

Beginning salary for a B.A. degree is \$6,500, ending at \$10,000 for a M.A. degree, with 30 hours toward a doctorate.
