WESTERN MICHIGAN RONALD McDONALD HOUSE RECEIVES GRANT FROM

AYSO SOCCER SIGN-UP

AYSO (American Youth Soccer Organization) will have their 1989 sign-up on February 11th, from 9 a.m. - 1 p.m. and February 15th, from 6 p.m. - 8 p.m., at the DeWitt Memorial Bldg. Open to all boys and girls born between 1970 through 1982.

This year AYSO is trying something new. If enough girls sign-up there will be separate girls teams, and competition for girls born in 1982 and 1981 (Division 6) and 1980 and 1979 (Division 5).

All teams are based on the neighborhood concept. Everyone plays in every game. Playing season (16) games, eight (8) spring and eight (8) fall games.

Division 1 & 2 spring only.

Cost: One player \$30, two players from the same family \$58, three or more players from the same family \$80.

Fee includes shirt, shorts, socks and insurance.

problems caused by a power outage with some simple preparation.

In a major power failure, the power company will try to keep the public informed of the progress being made to control the situation. A battery-powered radio will keep you posted.

Telephone service is not usually affected by power failure, but it is best not to tie up the power company switchboard with calls. Use your phone only to report a dangerous or emergency situation.

If the power failure occurs at night, your first concern is to provide light to avoid falls and other accidents. Every home should keep a flashlight or battery-powered lantern in proper working order.

Every home should also keep a supply of readily accessible matches to light candles and kerosene lanterns or lamps. The enclosed flame of a lantern is safer than the unprotected flames of candles.

When the power goes off, go through your house and disconnect appliances that run continuously or off and on automatically on electricity, especially those that have heavy starting loads, such as a refrigerator or freezer.

Unplug the appliances if you can get to the wall outlet without straining to move them. It is also a good idea to unplug appliances such as washers, dryers, electric space heaters and even televisions to avoid damage from power surges when the power comes back on.

When the power goes off for any length of time, temperature-controlled appliances such as refrigerators, freezers and automatic on-off devices, such as pumps that are being used at the time, usually snap to the "on" position. When power is restored, all on-off motors will start simultaneously. At the instant of starting most motors require an inrush of current for a few seconds that amounts to between five and 10 times the operating current, a demand that may not be met. And most motors, when deprived of full voltage, will overheat, sometimes dangerously.

Disconnect most of the appliances with motors in your household and leave on just a few lamps to tell you when power has been restored. Then you can turn on each appliance separately without overloading your fuses or circuit breaker or damaging the appliance motors.

When the power is off, avoid opening and closing the refrigerator and freezer unnecessarily. In a fully loaded freezer, food may remain frozen for as long as 36 to 48 hours (a half-full freezer reduces the time to 24 hours). The food will last almost as long in a refrigerator, but each opening of the door robs you of several hours' worth of cold.

WESTERN MICHIGAN RONALD McDONALD HOUSE RECEIVES GRANT FROM McDONALDS OF PORTLAND AND RONALD McDONALD CHILDREN'S CHARITIES

Portland, Michigan -- Western Michigan Ronald McDonald House will be able to help more children thanks to a \$1,000 grant from Ronald McDonald Children's Charities (RMCC) and Charles McCann, the licensee in Portland.

McDonald's licensees pledged \$1,000 per restaurant for a total of \$10 million at the opening of McDonald's 10,000th restaurant earlier this year. In addition to the pledges, contributions were also given by McDonald's suppliers and corporate staff.

"On behalf of McDonald's and RMCC, I am pleased to make this contribution to the Western Michigan Ronald McDonald House in memory of Ray Kroc, founder of McDonald's Corporation and in celebration of the opening of our 10,000th restaurant," said Charles McCann.

"This historic commitment of 'giving something back to the communities in which we serve' reflects the philosophy of Ray Kroc and the entire McDonald's family," said Ken Borun, vice president and executive director of RMCC. "One hundred percent of the funds raised are being donated to children's charities, and the majority will go to organizations selected and designated by franchisees to their local communities."

Ronald McDonald Children's Charities was established in 1984 in memory of Ray Kroc, and has awarded more than \$11.4 million in grants to more than 370 charitable organizations that support programs directly benefitting young people.

The cornerstone of RMCC is Ronald McDonald House. There are 116 Houses, which are homes-away-from-home for families of children being treated for serious illnesses at nearby hospitals. RMCC also supports programs in the areas of health care and medical research, education and the arts, and civic and social service.

McDonald's is the world's leading food service organization, serving 22 million people each day in more than 10,000 restaurants in 50 countries. Seventy-five percent of McDonald's restaurants are locally owned and operated by independent entrepreneurs.

SAVE THOSE RECEIPTS!

Scott and fuertsenau Elementary Schools will be collecting Food City cash register receipts until June 5 in conjunction with the "Apples for the Students" program sponsored by Food City.

This program enables schools to obtain FREE Apple computers, printers and software. Currently, we have collected \$90,000 in receipts. In order to obtain a computer, we must accumulate receipts totalling \$120,000. There are five months remaining in the program, which should give us enough time to reach that goal. Receipt totals from each Wednesday & Saturday until June 5th will receive double credit.

The DeWitt Elementary PTA thanks you for your participation to this point and encourages you to continue sending your receipts to school with the children. Questions: Call Linda Overmyer 321-6109.

THE AMERICAN RED CROSS THANKS DEWITT

On Tuesday, January 31st, the DeWitt City Firemen's Ladies Auxiliary was thanked for two great community blood drives in 1988. The Red Cross awarded the Ladies Auxiliary with a lovely 13x15 plaque of appreciation.

On Monday, May 22nd, 1989, from 1:00 to 6:45 p.m., the Fire Department will be holding their famous Blood Drive/Luncheon (tentatively planned) at the DeWitt Memorial Building.

We would like to remind you that, every 56 days, YOU can donate. So please help us once again reach our goal for the much needed Memorial Holiday supply.

Remember your loved ones who have needed blood products during an operation or after an accident, and join us.

Please mark May 22nd on your calendar (unless you have a Ladies Auxiliary "Simply DeWitt" calendar -- we've already done it for you).

Let the Tri-County Area have a safe blood supply!!!

Thank you,

the holiday season fades into memory. The pleasures of winter are wearing thin and spring is still many weeks away.

Many people experience depression at this time of the year. They feel grouchy and dissatisfied or lose interest in things.

One of the things we can do to pull ourselves out of this slump is make a list of short-term and long-term activities or things to do. This can include such things as:

--- Making summer vacation plans. Get the whole family involved. Go to the library or a travel agency and get books and brochures on your planned vacation spot. Make it a family project to learn as much as you can about the area you are planning to visit.

--- Investigating classes where you can learn a new skill or interest.

--- Borrowing books, records, tapes and video cassettes and players from a library and learning about something new or different.

--- Planning and carrying out small projects around the home.

--- Making a note of places in your neighborhood or community that you haven't visited in a long time, such as historical sites, museums or other places of special interest.

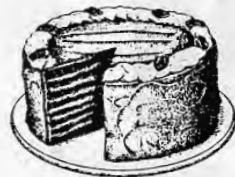

--- Seeking out winter activities sponsored by various community-agencies or departments of parks and recreation.

What it boils down to is taking charge of things. Identify what you enjoy doing, plan activities and then carry them out. Before you know it, spring will be here!

THE WAIT OF THE WORLD

An exciting new feature length dramatic film, **THE WAIT OF THE WORLD** will be shown at 7:00 p.m. on Saturday, February 25th announces Frederick C. Nose.

This film, shot on three continents, is based on actual true stories of young adults who stepped into third world cultures and learned more than they ever thought they could.

The films three characters are T.J., Brian, and Karen, all writers for the Christian Observer magazine, who are assigned to write articles in three different parts of the world: West Africa, South America, and Philadelphia. Each uses the latest in computer technology for communication and research. The original assignment calls for them to go and observe. But they had no idea that their lives would be changed forever, when their roles as observer's come quickly to an end with personal involvement in the lives of the people in each respective country.

"**THE WAIT OF THE WORLD** is a powerful and unforgettable motion picture that gives a new perspective on the world and the part we all should play in responding to it," says, Pastor Nose as he announced the screening of this unique film.

THE WAIT OF THE WORLD is the newest John Schmidt film production. John Schmidt has been known for three outstanding award-winning films: **SUPER CHRISTIAN**, **KEVIN CAN WAIT**, and **THE GREATEST STORY NEVER TOLD**. John states, "this is one of the most important films we've made."

The public is cordially invited to attend the showing at DeWitt Community Church on Saturday, February 25th at 7:00 p.m.
