## The Mulford House *Number 5*

This two storey structure was built by Charles Lorenz and was begun in 1915. They lived in the garage until the house was completed. He sold it to William Schaar,

Sr., and he in turn sold it to Mr. and Mrs. Paul Mulford in 1955. They have remodeled it over the years, and Mrs. Mulford says it has proved to be a nice place to bring up their four children.
