RICHARD CLARK

8th Grade Committee

CLASS HISTORY

We started Kindergarten classes at Sheridan Road School during the 1951-1952 school year. Mr. Stanley Scarborough was the Superintendent and our teachers were Mrs. Fleita Aiken and Mrs. Ruth Bissell. As Kindergarteners we went on a Streamliner Train Trip from Lansing to Grand Ledge. This was the highlight of the school year. We were picked up at Grand Ledge in school buses and driven back to Lansing the same day. We were taken to Potters Park where we had a picnic lunch and ice cream treats and then home for the Summer!

Mrs. Smith and Mrs. Pauline Torpey were our first grade teachers during 1952-1953 year. The only thing we remember that was out-of-the-ordinary was the fun-trip we made to Potter's Park at the end of the school year when we had our picnic.

When we were second graders Mr. Robert Gelina came to our school as Superintendent and Mrs. DeBoer and Mrs. Patterson were our home-room teachers. Our school was overcrowded and we were put on half-day sessions until the new building was completed. Mrs. Alice Jordan was also a teacher of our group during this period.

The third grade teachers we had were Miss Alice Shelander, Mrs. Alice Jordan and Mrs. Countryman. We were back on all-day sessions at school and there was a lot of excitement about the new building and the tearing down of the Old Portable that stood on what is the Building B Parking Lot. We had fun and made a lot of friends, enjoyed our parties, insisted that our parents come to P.T.A. and had another wonderful picnic at Potter's Park!

Our fourth grade teachers were Mrs. Isabelle Barbour and Mrs. Doris Salisbury. There was more of the same routine and another PP Picnic!

In the fifth grade we had Mrs. Ann Wyskowski and Mrs. Margaret Benedict as teachers. We began to feel grown-up and looked forward to moving from Building B into the new Building A.

So now it's the 1957-1958 school year and we have at last made it into Building A! Mrs. Rebecca Montgomery and Mrs. Alberta Diller did their utmost to teach us all we should know about sixth grade subjects. We were promoted to seventh grade after our final picnic at you-know-where. This was the year that we went as a group to Yankee Springs on our Sixth Grade Camping Trip. We have a few pictures from the camping trip sprinkled among these pages. We think you will enjoy the pictures as much as we enjoyed the trip.

In 1958-1959, during our seventh grade term, Mr. Douglas Steward and Mrs. Gwendolyn Blesch were our home room teachers. We started an active sports program and all the boys went out for basketball, football, baseball and some track. The girls became expert cheerleaders and brightened up the scene in their gay red skirts and white shirts.

Now that we're eighth graders, we are planning on another Outdoor Camping trip. Plans at the moment this is being written are still uncertain. But we know that if we have as much fun on this eighth grade trip as we had on the sixth grade trip, we're all in for a wonderful time. We opened another new addition to our school this year. It is to be designated as Building E, and contains some of our well-remembered teachers (Mrs. Aiken, Mrs. Torpey, Mrs. Bissell) as well as the Kindergarten, first and second grade classrooms.

Some of our fellow classmates have not been with us ever since we started school. Here are some that have joined us since the sixth grade: Carolyn Gault, Mike Clifford, David Taylor (all joined in the sixth); Jeff Howard, Joe Rodriguez, Sandy Fowler, Ron Fezzatte, Lanny Rowe and Ken Garland (all joined us during the seventh grade); and Richard Clark, Jeanette and Joan Arnold, Gary Welch, Roxanna Gage and Frank Kuchar (all joined us in the eighth grade).
